From: LuAnn Maisner CPRP, Director of Parks and Recreation
Date: July 6, 2023
Re: 2024 Budget Discussions - Parks

As part of the annual budget process, the Park Commission determines projects and activities for the upcoming year based on available funding. Funding projections are as follows:

Revenue

Park Millage Revenue	\$1,350,000
HNC, Dog Park, Pavilion Rentals	<u>\$ 80,000</u>

Total Anticipated Park Millage Rev \$1,430,000

Expense Budgets include:

Parks and Recreation Administration
Harris Nature Center
Park Maintenance
Park Development

Salaries, benefits, motor pool, equipment, utilities, solid waste disposal are fixed expenses that total approximately \$1,000,000 annually. This provides the opportunity to allocate approximately \$400,000 toward renovation, maintenance, and development projects for 2024.

Projects that began in 2023 include:

Central Park Pavilion Replacement Project
Accessible kayak/canoe landing – Design and Engineering
Park Signage Replacement Project Phase II
Design services for MSU-LL Park Trail Hub/Nancy Moore Park

I look forward to discussing further each of these projects as well as others at the meeting.

2024 Proposed Projects for Consideration:

Central Park Pavilion Replacement

The Park Commission budgeted \$100,000 in 2023 to replace the pavilion in Central Park. Our original plan was to utilize the existing pad, demo the structure and construct a new pavilion over the pad. After further review of the project, there is much more that needs to be done to prepare the site for construction including: demolition of restroom building, replacing pumps in the lift station that serves the Historical Village, grading to improve site drainage, sidewalk replacement, landscaping, electrical and water service, retractable windscreens and pavilion install. I anticipate this project to cost \$400,000-\$500,000. Central Park serves as the front yard of our Township Hall and welcomes many youth sports families utilizing the soccer field, pavilion users, visitors to the Historical Village and trail users as well. This site sets the tone for what residents and visitors can expect with the quality of our park system.

\$400,000

Accessible Canoe and Kayak Launches at Harris Nature Center and Wonch Park

In collaboration with our Okemos/Haslett Rotary Club, Williamston, and Williamstown Township Rotary Clubs, they are funding kiosks along the Red Cedar River with one at HNC and another at Wonch. I met with a representative from E-Z Dock Systems at each site to determine suitability. He estimates the cost installed for each site at \$100,000. I think our Rotary Club will fund half of the cost. I think we should assign funding to move this collaboration forward. **\$50,000 - \$100,000.**

We are also working on applying to become a **recognized Water Trail with the MDNR**. Representative Brixie has said we would also be awarded **\$50,000** for improvements if we receive this designation.

Design of MSU-LL Trail Hub/Nancy Moore Park Entrance Project

In 2022, the Park Commission acquired, with assistance from the MNRTF, a 3.5-acre parcel on Okemos Road adjacent to Nancy Moore Park. The now-vacant land is being maintained by our maintenance staff until designs and plans are created and approved. No work toward this project has been started at this time, therefore, there is no need to allocate funds for this in 2024.

New Park Signs Phase III

A new signage project began in 2022 with new signs at the Township Hall, Central Park South, Marketplace on the Green and Towner Road Park. In 2023, signs have been ordered and will be installed at the following locations: Hartrick Park, Harris Nature Center, Wonch Park, Ferguson Park Hillbrook Park, Brattin Woods Park, Red Cedar Natural Area, Orlando Park. More signs are needed to complete the overall project. **\$100,000**

Remove dirt hill from Marketplace on the Green

During construction, dirt from the pavilion development area was relocated to the west side of the property. Marketplace on the Green has proven to be an amenity for community enjoyment. In the future, I foresee two or three small pavilions, a sidewalk, and a fountain with benches, trees and other landscaping. The fountain can be flat with water spouts for people to engage with on hot days. **\$30,000 ?**

Meridian Township Mourns Passing of Retired Police Chief
Remembering Chief Dave Hall's 40 Years of Public Service

Meridian Township, MI – On Sunday, June 18, 2023, retired Meridian Township Police Chief Dave Hall passed away after a battle against cancer. Hall served as the Township's Police Chief from 2004 until his retirement in 2018.

Prior to Hall's dedicated career in community service and policing, he studied criminal justice at Michigan State University. Upon completion of his bachelor's degree, Hall went on to graduate from the Mid-Michigan Police Academy, serving in Bath Township's police department soon after. Hall joined Meridian Township in December 1978, and in 2004, Hall was named Chief of Police, holding that position for 14 years until his retirement.

"Chief Hall was extremely dedicated to his family, the department, and the community he served," said Meridian Township Police Chief Ken Plaga. "His impact and efforts towards community policing will be remembered for years to come."

"To honor Police Chief Hall's legacy, I'm asking that all flags in Meridian Township be lowered to half-mast on Wednesday, June 28, through Thursday, June 29. Chief Hall led our police department with a compassionate heart, and he found the good in everyone. He will always be remembered for his kindness and empathy towards others," stated Township Supervisor Patricia Herring Jackson.

Chief Hall's obituary and funeral arrangements can be viewed at www.dignitymemorial.com/obituaries/williamston-mi/david-hall-11339612.
